

## **Policy on Access to Corporation Meetings**

Corporation and Committee meetings will be phased in three sections:

Section A - General Public Information

Section B - Items Confidential to Members only, but where resolutions are for the public record.

Section C - Confidential Items, where members of the public, staff and Student Members may be excluded, but whose resolutions are not for the public record (see Instrument of Government, Clause 14).

Members of the public shall be admitted to meetings of the Corporation for Part A items only with prior approval by the Chairman.

The Corporation shall so determine whether to invite such other persons to be present at parts of or the whole of meetings of the Corporation.

Members of the public shall not be entitled to attend meetings of Committees of the Corporation, unless by specific invitation of the Committee concerned.

NOTE: 'Members of the Public' shall be defined as anyone who is NOT a Member of the Corporation nor the Clerk to the Corporation.
