ADVANCED LEARNER LOAN

Advanced Learner Loans give learners in further education access to financial support for tuition costs, similar to that which is available in Higher Education. This means rather than an individual having to pay for their course upfront, they have the option of accessing a loan from the Student Loans Company that they will only start to repay once they have left the course and are earning over £25,000. Learners aged 19 and over will therefore have the option to either:

- Pay the course fees themselves;
- Have an employer/sponsor pay the course fees for them;
- Apply for an Advanced Learner Loan to help pay for the course fees.

The Advanced Learner Loans are for anyone who is:

- Aged 19 and above at the start of their course
- Studying their 2nd full level 3 qualification;
- Studying at Level 4 - 6 in further education and training;
- Resident in the UK.

Before taking out any loan, you should consider all of your options. If you want advice on managing your finances, visit the Money Advice Service at moneyadviceservice.org.uk for impartial advice.

For information and advice on learning, career and funding options visit nationalcareersservice.direct.gov.uk

19-23 year olds will need to pay other course costs such as trips, equipment and/or other materials.

To find out more, call our Admissions team on 01273 890454. Alternatively for further information on Advanced Learner Loans visit gov.uk/advanced-learner-loans.
