

Provider Access for Careers Events

Introduction

This statement sets out the College's arrangements for managing the access of providers to students at the College for the purpose of giving them information about the provider's education or training offer. This complies with the College's legal obligations under Section 42B of the Education Act 1997.

Student Entitlement

All students are entitled:

- to find out about technical qualifications and apprenticeship opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point
- to hear from a range of local and national providers about the opportunities they offer, including technical education and apprenticeships
- to understand how to make applications for the full range of academic and technical courses.

Management of provider access requests:

A provider wishing to request access should contact Karen Stalker, Operational Careers Leader on 01273890101 or karen.stalker@plumpton.ac.uk

Opportunities for access

A number of events, integrated into the College careers programme, will offer providers an opportunity to visit and engage with students.
