

This summer we want you to join us on Facebook (Plumpton College Agriculture Department) and demonstrate your enthusiasm, curiosity, commitment, and creativity. Over the next eight weeks we will be setting a task every seven days through Facebook and we would like you to email your responses to [andrew.ellis@plumpton.ac.uk](mailto:andrew.ellis@plumpton.ac.uk)

### What's required?

1. You **must** create a new facebook account, one that is **solely dedicated** to your Agriculture course and college life.

The name you choose should be **easily identifiable** as a Plumpton agriculture student and your account bio must include '**Plumpton College Agriculture Student**'

We **strongly recommend** that you make your account private and only accept 'follow' requests from other Plumpton students, Plumpton affiliated Instagram accounts and other agricultural enthusiasts.

2. Your new account should be dedicated to your course, please **do not** use this as a personal account - it should only be used for Agriculture related content and opinions. Think of how you present yourself on social media as this can (*and has in the past*) impact on opportunities in the future.

3. You must follow the Agriculture course Facebook account so we are able to set the weekly tasks and monitor your progress by 'tagging us' in your post.

4. Be respectful. Only use the DM function (Direct messaging) to get know your new classmates. Be positive, professional but most importantly... **Nice!**

5. Please don't post your answers on the Facebook page but to the staff emails listed below for your course

### [Follow us here](#)

#### Task 1\*

So... for your first task we want you to look on the [Agric facebook page](#) and look at the farming activity photo/video and explain in your own words what is happening, adding detail of the activity. So, in other words as if you are explaining to someone who has no agricultural experience, explain what is happening.

\* This is the only post that has no specific time limit as we appreciate that you will not all receive the summer project at the same time and that opportunities maybe limited due to the current lockdown situation.

**All proceeding tasks set must be completed within a seven-day period.**

If you have any concerns or issues please contact: [andrew.ellis@plumpton.ac.uk](mailto:andrew.ellis@plumpton.ac.uk) for level3  
[catherine.daw@plumpton.ac.uk](mailto:catherine.daw@plumpton.ac.uk) for Level 2 and [Melissa.masters@plumpton.ac.uk](mailto:Melissa.masters@plumpton.ac.uk) for level1
