

This summer we want you to join us on Padlet and demonstrate your enthusiasm, curiosity, commitment, and creativity. Over the next eight weeks we will be setting a task every seven days through Padlet and we would like you to post your responses.

What's required?

1. You **must** create a Padlet account, one that is **solely dedicated** to your Animal Management course and college life.

The name you choose should be **easily identifiable** as a Plumpton Animal Management student and your account bio must include '**Plumpton College Animal Management Student**'

2. Your new account should be dedicated to your course, please **do not** use this as a personal account - it should only be used for Animal Management related content and opinions. Think of how you present yourself on social media as this can (*and has in the past*) impact on opportunities in the future.

3. Go to this Padlet link to take part and see the work set each week:

<https://padlet.com/erinrickman/jo0t2haeinnjiv23>

4. Be respectful. Use the comment feature to get know your new classmates. Be positive, professional but most importantly... **Nice!**

Task 1*

Each week a new theme will be posted and pinned to the top of the Padlet.

Over the summer you will be tasked with different activities to complete and a photo competition weekly. Each week photograph you must 1) Upload your picture, state your name, your level and give a (200 word) description of the photo. 2) You must like at least three other photos and comment on two other photos of people in your level. This can be to complement their picture or ask them questions.

If you have any issues, for level 3 contact: Erin.rickman@plumpton.ac.uk

For level 1 and 2: Emily.guffogg@plumpton.ac.uk
