

Over the summer we want you to immerse yourself in some subject related tasks that will get you ready for your new course in Game and wildlife management

The below activities have been designed to keep you up to date with latest developments in Game and wildlife management and come to college in September with some ideas and information to share with your new classmates and lecturers.

We do not require that you produce much physical work but we encourage you to keep some notes, perhaps a diary and where relevant take some photographs on your phone as a way of retaining what you have learnt.

Date to be completed	Task	How long to spend on it?
Week Commencing 1 June 2020	Research Game bird species from the British isles and the seasons they can be shot	3 hours
Week Commencing 15 June 2020	have a look at deer species found in the uk and have a go at the basic deer quiz	4 hours
Week Commencing 22 June 2020	walk in the countryside and see how many deer and game species you come across	1 day
Week Commencing 29 June 2020	Look at types of dogs that are used for shooting and what their purposes are.	4 hours
Week Commencing 6 July 2020	using the internet look at methods of habitat management and what other species of wildlife benefit.	1 day
Week Commencing 13 July 2020	Quiz on kahoot covering all the above subjects	2 hours
