

Over the summer we want you to Immerse yourself in some subject related tasks that will get you ready for your new course in Motor Vehicle

The below activities have been designed to keep you up to date with latest developments in Motor Vehicle and come to college in September with some ideas and information to share with your new classmates and lecturers.

We do not require that you produce much physical work but we encourage you to keep some notes, perhaps a diary and where relevant take some photographs on your phone as a way of retaining what you have learnt.

Date to be completed	Task	How long to spend on it?
Week Commencing 1 June 2020	Virtual tour of the workshop – “Welcome to your Plumpton College motor vehicle course, here is some of the equipment you can expect to use...”	1 week
Week Commencing 15 June 2020	<p>“Say what you see” video – a video “walk around” where the students list as many systems/components as they can. Followed up by...</p> <p>a. Record your own video walking around and inside your car, explaining what items you would check during routine maintenance and where you would check or top up the fluid levels (routine maintenance unit evidence)</p> <p>b. 2 &amp; 3 could perhaps be blended into one – they watch our video then go off and create their own</p>	1 week
Week Commencing 22 June 2020	Health & safety in the workshop – we film a video of the workshop with common hazards “staged” and the students have to identify as many as they can (health & safety unit evidence)	1 week
Week Commencing 29 June 2020	Spot-a-lemon video guide of simple things to look out for when buying a car	1 week
Week Commencing 6 July 2020	2 & 3 are blended - List as many garages as you can near where you live. What services do they offer? I.e, wheel alignment, MOT testing, air conditioning etc. Do they specialise in anything? I.e classic car restoration, BMW specialist etc	1 week

If you have any concerns or issues please contact: [phil.hill@plumpton.ac.uk](mailto:phil.hill@plumpton.ac.uk) for Level 1,2,& 3.
