

Over the summer we want you to immerse yourself in some subject related tasks that will get you ready for your new course in **Floristry**.

The below activities have been designed to keep you up to date with latest developments in **Floristry** and come to college in September with some ideas and information to share with your new classmates and lecturers.

We do not require that you produce much physical work but we encourage you to keep some notes, perhaps a diary and where relevant take some photographs on your phone as a way of retaining what you have learnt.

Date to be completed	Task	How long to spend on it?
Week 1 Commencing 19 July 2021	<p>Make a list of your favourite flowers and on a walk or in the garden take some photos of flowers you recognise and try to identify them.
