

Library Catalogue Guide

Finding books and eBooks with the Library Catalogue

To access a book or an eBook from the [Library Catalogue](#), follow the steps below:

PHYSICAL BOOKS

1. Search the Library Catalogue for the book you require

The screenshot shows the Plumpton College Library Catalogue homepage. At the top left is the Plumpton College logo with 'EST 1926'. To the right is the title 'LIBRARY CATALOGUE' in large blue letters. Below the title are navigation links: 'Home', 'Links', 'Reading Lists', and 'Sign In'. On the far right, it says 'Library: Library' and 'Language: English' with a dropdown arrow. A large dark blue search bar with the text 'SEARCH THE CATALOGUE' is in the center. Inside the search bar, there is a dropdown menu labeled 'Title' and a text input field containing 'hydroponics'. To the right of the input field is a magnifying glass icon. Below the search bar, the text 'Advanced Search' is visible.

2. Find the shelfmark

The shelfmark is the combination of numbers and letters you find next to each item on [Library Catalogue](#).

On Library Catalogue you will find the shelfmark listed next to 'Call Number' e.g. **635.94 WIN**

The screenshot shows the search results for 'Hydroponics: Indoor Horticulture'. On the left is the book cover, which features the title 'Hydroponics Indoor Horticulture' and a diagram of a hydroponic system. To the right of the cover is the book's metadata. The title 'Hydroponics: Indoor Horticulture.' is at the top. Below it are the following fields: 'ISBN' (978-0-9550112-0-7), 'Published Date' (2005), 'Subject Term' (Pukka., Hydroponics. Horticulture Gardening.), 'Call Number' (P 635.94 WIN), and 'Author' (Winterborne, Jeffrey.). Below this is a section titled 'Stock Details' which contains a table with the following information:

Stock No	Resource Type	Location	Status
9692	BK	Library	Available

Each line of the shelfmark narrows down your search to the correct item and the first set of numbers indicates the area of the Library and shelf location.

The Library collections are arranged in numerical order by shelfmark, starting from the front corner by the Library Annex room.

If you cannot locate a book, please ask at the Library Service Desk.

For details on finding the books on the shelves, follow this guide. <link to Find and Request Books> Find a Book in the Library>

eBOOKS

The third edition of Aspinall's Complete Textbook of Veterinary Nursing is the ideal text for both student and qualified veterinary nurses as it covers the entire veterinary nursing syllabus. Now written in the main by veterinary nurses this book comprehensively covers all aspects of the veterinary nursing role from client communication to nutritional support. All chapters have been revised in line with changes in legislation and regulation but also theoretical and practical aspects. Greater emphasis on the veterinary practice structure including the role of corporate businesses and use of social media bring this edition fully up to date. The new edition welcomes Nicola Ackerman as principal editor. Nicola is past officer of the BVNA and past executive editor of the Veterinary Nursing Journal. Nicola is a winner of several awards including the Blue Cross/BVNA Veterinary Nurse of the Year and the Barbara Cooper / CAW Professional Development Award for outstanding service to the veterinary nursing profession. Nicola was the first Veterinary Nurse in the UK to become a veterinary nurse specialist in nutrition. Evolve Resources containing Self-assessment questions for every chapter to test learning Image Bank of over 700 figures Video clips demonstrating common clinical procedures Additional chapters Comprehensive content ideal for both student and qualified veterinary nurses Over 700 full colour illustrations for enhanced understanding Written by veterinary nurses for veterinary nurses Recommended reading given for each chapter to aid further research New chapters on Emergency Critical care, Fluid therapy, Practice and Staff management and Consulting skills. Anaesthesia and Analgesia chapter fully revised and updated. New chapter on Equine Behaviour and Handling, including recognition of pain in equines.
